PS10

Electronic priority emergency horn for continuous service, ensuring a powerful, clean sound. Systems equipped with a control unit with degree of protection IP67 and Loudspeaker IP 66. The PS10 system, thanks to its flexibility, complies with national standard requirements and can produce several sounds and is therefore easily customisable.

Avvisatore prioritario elettronico per servizio continuo che garantisce un suono potente e pulito. Sistema dotato di centralina con grado di protezione IP67 e di Altoparlanti IP 66. Il sistema PS10, grazie alla sua flessibilità, risponde alle normative nazionali richieste e può produrre più suoni, per cui è facilmente customizzabile.

Avisador prioritario electrónico para servicio continuo que garantiza un sonido potente y limpio. Sistema dotado de centralita con grado de protección IP67 y de Altavoces IP 66. El sistema PS10, gracias a su flexibilidad, responde a las normativas nacionales requeridas y puede producir más sonidos, por lo tanto es fácilmente adaptable.

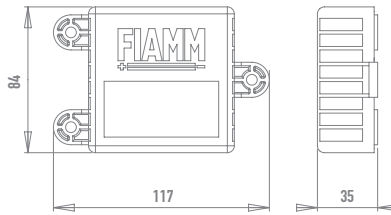

Avertisseur prioritaire électronique pour service continu qui garantit un son puissant et net. Système pourvu de centrale avec degré de protection IP67 et de haut-parleurs IP 66. Le système PS10, grâce à sa flexibilité, répond aux normes nationales exigées et peut produire plusieurs sons, c'est pourquoi il est facilement adaptable.

Bevorrechtigte elektronische Hupe für den Dauerbetrieb. Sie garantiert einen starken und sauberen Klang. System mit Steuereinheit, Schutzgrad IP67 und Lautsprechern IP66. Das System PS10 entspricht dank seiner Flexibilität den national geforderten Richtlinien und kann mehrere Klänge erzeugen, weshalb es sich leicht der jeweiligen Anwendung anpassen lässt.

PS20

Through its powerful and directional sound, the priority system PS20 maximises security and sound localisation of emergency vehicles. A pneumatic horn guided by an electronic module for continuous service, that guarantees a high duration.

Il sistema prioritario PS20, dal suono potente e direzionale, massimizza la sicurezza e l'identificazione dei mezzi d'emergenza. Sirena pneumatica pilotata da una centralina elettronica per servizio continuo, che garantisce un'elevata durata.

El sistema prioritario PS20 maximiza la seguridad y la localización del sonido de los vehículos de emergencia. Avisador neumático guiado por un módulo electrónico para servicio continuo, que garantiza una duración elevada.

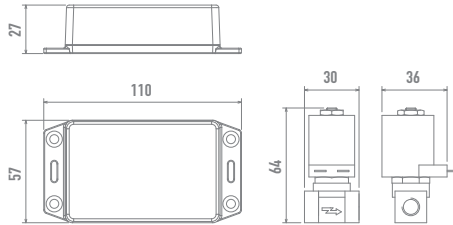

Le système prioritaire PS20 maximise la sécurité et la localisation du son des véhicules prioritaires. Il s'agit d'un avertisseur pneumatique guidé par un module électronique pour service continu, qui garantit une durée élevée.

Das bevorrechtigte System PS20 maximiert durch ihren starken und gerichteten Klang die Sicherheit und die Schalllokalisierung der Notdienstfahrzeuge. Pneumatische, von einem elektronischen Modul geführte Hupe für den Dauerbetrieb mit erhöhter Dauer.

COMPRESSORS

High power, directional electropneumatic emergency horn systems to be used as primary signals on temporary exit vehicles or as secondary signals to successfully overcome difficult traffic situations or for dangerous crossroads.

Sistema di avvisatore elettropneumatico dal suono potente e direzionale utilizzabile come primo avvisatore in mezzi di uscita temporanea o come avvisatore secondario per superare in sicurezza le situazioni di traffico difficili o per gli incroci pericolosi.

Sistema de avisador electroneumático de sonido potente y de dirección en medios de salida temporal o como avisador secundario para superar en seguridad las situaciones de tráfico difíciles o para los cruces peligrosos.

Système d'avertisseur électropneumatique, son puissant et directionnel utilisable ponctuellement ou comme avertisseur secondaire pour affronter en toute sécurité les situations de circulation difficiles.

Elektropneumatische Signaleinrichtung mit starkem und gerichtetem Klang. Als erste Signaleinrichtung in Fahrzeugen, die zeitweise ausfahren, oder als sekundäre Signaleinrichtung für die sichere Überwindung schwieriger Verkehrssituationen oder gefährlicher Kreuzungen einsetzbar.

TRUMPETS

The trumpets on the MC4 electropneumatic system, thanks to the chrome and coated versions, are easily installed both inside and outside vehicles. The frequency range covers various national standards. The 4-tone version offers maximum audibility and a pleasant sound.

Le trombe del sistema elettropneumatico MC4 grazie alle versioni cromate e verniciate si installano facilmente sia all'interno che all'esterno del veicolo. La gamma di frequenze copre le diverse normative nazionali. La versione a 4 toni rappresenta il massimo dell'udibilità e della piacevolezza del suono.

Las bocinas del sistema electroneumático MC4 gracias a las versiones cromadas y pintadas se instalan fácilmente tanto dentro como fuera del vehículo. La gama de frecuencias cubre las diferentes normativas nacionales. La versión de 4 tonos representa el máximo de la audición y del placer del sonido.

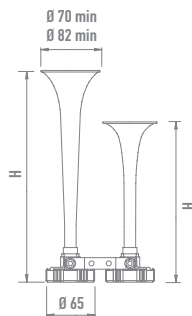

Les trompes du système électropneumatique MC4 grâce aux versions chromées et peintes s'installent facilement aussi bien à l'intérieur qu'à l'extérieur du véhicule. La gamme de fréquences répond aux différentes normes nationales. La version à 4 trompes et tons représente le maximum d'audibilité et du plaisir du son.

Die Hörner des elektropneumatischen Systems MC4 lassen sich dank ihrer Ausführung aus Chrom und Lack problemlos im Innern und außen am Fahrzeug installieren. Der Frequenzbereich deckt die unterschiedlichen nationalen Vorschriften. Die 4-Ton-Version bietet maximale Hörsamkeit und einen angenehmen Klang.
